CARE INSTRUCTIONS

GENERAL UP KEEP

- If a thread is pulled in the towel: using scissors, carefully cut the snagged yarn at pile height
- Wash separately from other textiles and garments; items with buttons, zippers, hooks and velcro will snag the terry
- Certain cleaning and hygiene products contain ingredients which cause bleaching, some of these include blemish/anti-aging creams, product with alpha hydroxyl and fruit acid, hair coloring products, bathroom cleaners and teeth whiteners
 - All of our products are pre-washed to prevent shrinkage

WASHING

- Do not overload the washing machine
- Use medium temperatures when washing (40°)
- Do not use detergents containing brighteners and whitening agents that may alter or fade colors
 - Separate whites and light colors from dark colored textiles
 - Do not use bleach or fabric softeners
 - We suggest the use of liquid soap

DRYING

- It's important to use a tumble dryer to restore volume and loft to the towels and rugs
 - Use medium temperatures when drying
- Be sure to dry thoroughly to preserve the durability of textiles
